Product Benefits & Features

Nature's freshness preserved
A stunning meal starts with impeccable ingredients, lovingly sourced and prepared fresh from the earth. Our TwinTech® system ensures your produce is stored at the optimum temperature and humidity levels, meaning fruit and vegetables stay crisp and fresh for longer, ensuring the flavours that nature provided live on in every

Stable temperatures for longer-lasting freshness
This fridge freezer makes the most of new technology to keep your food ready to eat for longer. MultiFlow technology provides a uniform flow of air throughout the fridge freezer and protects your food from sudden temperature or humidity changes , to ensure long-lasting freshness.

Complete flexibility for optimum storage
Storing a week's supply of food in a refrigerator isn't easy, but being able to move the shelves and drawers in the freezer compartment around can make all the difference. Because you can take out the drawers and shelves in this appliance, you can even store large and bulky items easily and make the best use of your space.

Store even the largest items without difficulty
The MaxiBox drawer is specially designed to provide storage space for the largest items in your freezer, so you can organise your space easily and effectively.

A++ class – 21% more efficient than A+ class, comparing the classes
The EU energy label system independently ranks domestic appliances according to their energy efficiency – and it has awarded this Fridge freezer an A++ energy label. The difference is clear: for upright freezer the A++ class is 21% more energy efficient than A+ class, comparing the classes.
