Based on this, the precise amount of detergent and softener is automatically dosed. The precise dosage cleans, protects and

Product Benefits & Features

Precise detergent dosage. Precision care
AutoDose intelligent sensors calculate the precise amount of detergent and softener, protecting clothes from early aging caused by overdosing. Cotton clothing will resist tearing for three times longer. *applying force on cotton washed in 30°, automatic dosing, 30 washes AEG vs.10 washes competitor.

Caring for clothes. Saving water and energy
ProSense technology® automatically weighs each load to provide a tailored cycle. Sensors then adjust washing times precisely, ensuring optimum treatment for every garment. Your laundry comes out with that fresh, new feeling every time, plus you save water and energy.

Next-generation laundry. With My AEG Care app
Experience customised care by connecting laundry appliances to My AEG Care app. And utilise AEG expertise from anywhere. Set tailored programmes remotely, get cycle recommendations for your garments and receive notifications when your laundry is ready. Custom laundry care at your fingertips.

Enjoy the feeling of softer clothes
This washing machine gets results you'll notice as soon as the last spin is over. Because SoftPlus makes sure that softener reaches every part of the fabric when it enters the drum, it helps your clothes feel softer, silkier, and smoother than ever before, while protecting fibres and prolonging the

Energy efficient washing in the quickest time possible
Many Eco programmes save you energy. The Eco TimeSave also saves you time. The programme allows you to select ECO and TimeSave options together, giving you an energy efficient wash that's as quick as possible.

- 8 kg wash capacity
- 1400 spin speed RPM
- Programmes include:
- Wool plus programme
- Easy iron programme
- Delicate programme
- Cottons programmes
- Synthetics programmes
- Options include:
- Stain action option
