SenseBoil Induction Hob 80 cm

IAE84411FB

Command water. At a touch
There are more exciting things to do than watching water boil. Let the SenseBoil® induction hob assist. It detects rising bubbles and automatically reduces to a low simmer. No more constant monitoring. So the focus can be on what matters most. Fine-tuning those flavours. Mastering that menu.

There are more exciting things to do than watching water boil. Let the SenseBoil® induction hob assist. It detects rising bubbles and automatically reduces to a low simmer. No more constant monitoring. So the focus can be on what matters most. Fine-tuning those flavours. Mastering that menu.

Product Benefits & Features

Boiling water, under control with the Boil Sensor
The Boil Sensor detects rising bubbles and automatically adjusts the temperature settings, reducing it to a controlled simmer. No more montioring. Saving both time and energy.

Hob2Hood - Cook without distractions
This hob has Hob2Hood, a useful feature that automatically controls your cooker hood and lights. It means you don’t get distracted by trying to regulate the fan when you’re at crucial cooking moments: you can simply concentrate on getting your dish right. But if you’d rather adjust the fan speed

Perfect control
'Direktouch' controls use the very latest digital technology to ensure precise heat selection.

The adaptable surface for every pan
The MaxiSense® self-sizing cooking zones detect the sizes and shapes of each pan. However large or small. It sends immediate heat to fit their bases, without compromising on performance. Experience the ultimate in kitchen adaptability. For complete culinary control.

Intense rapid heat
No more waiting around for pots to boil. The PowerBoost button gives you an instant burst of heat that boils water in under 90 seconds* – that’s even faster than an electric kettle. It’s perfect for tasks like boiling potatoes, and other quick cooking jobs too, like searing meat.

- Automax function
- Powerful booster
- 15 stage digital power level displays
- Child safety control lock
- Control lock
- Auto safety switch off
- Front left: 1 large induction zone with booster
