AEG

7 Series Kettle

EWA7800-U

The perfect temperature for every type of your favorite tea
Enjoy a cup of your favorite tea as it is supposed. With the SmartSense function, set any of the 8 temperature settings for each type of tea and make the most out of your hot beverages. You can follow the real time temperature with precision in the LCD display.

Enjoy a cup of your favorite tea as it is supposed. With the SmartSense function, set any of the 8 temperature settings for each type of tea and make the most out of your hot beverages. You can follow the real time temperature with precision in the LCD display.

Product Benefits & Features

Variable Temperature Control
With five programmable temperature settings, you can enjoy your tea the way it's meant to be: 80°C green tea, 85°C white tea, 90°C oolong tea, 95°C coffee, and 100°C for black and herbal teas, also instant oatmeal or noodles. Get real-time temperature on the digital LCD display during heat up.

OneCup Turbo™ Function
200ml of water in less than 60 seconds – enough time for you to reach for a cup and pick your favorite flavour of tea.

3-way auto shut-off
This water kettle has automatic shut-off in three ways: when the water is boiling, when you lift the kettle from the heating station and when there is no more water left in the kettle, thanks to the integrated Boil-Dry protection.

1.7L Capacity
Whether you're having a two-person tea ceremony or a Sunday afternoon tea party – the AEG 7 series water kettle has you covered with 1.7 liters of capacity.
