Whirlpool gas hob: 5 gas burners - POW 75D2/NB

Standard Whirlpool technologies and features for you to enjoy.

PreciseFlame
The flush burners with a PreciseFlame vertical flame heat the base of the pan directly for reduced heat dispersion, which saves gas and increases efficiency.

iXelium
Long lasting shine. The revolutionary iXelium treatment protects your hob from scratches and corrosion, ensuring a perfect shine, always. And, it's easy to clean: all you need is water and a soft cloth.

Booster
Enjoy super fast boiling times with the Booster cooking zone.

Flush design
The flush burners with a PreciseFlame vertical flame heat the base of the pan directly for reduced heat dispersion, which saves gas and increases efficiency. The sleek design stylishly reflects the latest appliance trends, providing a fabulous focal point for any modern kitchen. The flush design of the burners with a maximum height of 10,5 mm ensures the hobs are even easier to clean. Cooktop grids are made of cast iron, a top performing material resistant to high temperatures, durable in time and perfectly transmit heat for outstanding functionality and aesthetics.

Full width cast iron grids
The full-width cast-iron pan support maximises the cooking surface with an edge-to-edge design so pans can slide effortlessly from one burner to another without any lifting and is durable enough to withstand damage and prevent rusting or scratching. Cooktop grids are made of cast iron, a top performing material resistant to high temperatures, durable in time that perfectly transmit heat. Restyled for added comfort and beauty, the distinctive design of the ergonomic knobs ensures easier use, greater control, and easeness of cleaning on steel and glass models.

Front Controls
Complete control over your cooking. Easily accessible and genuinely intuitive, the controls are conveniently positioned on the front panel of your hob, providing a frictionless cooking experience.
