PH Categorization
- SV - Wireless Speakers: Portable Bluetooth Speakers

Highlights

Waterproof and ready to go
This portable Bluetooth speaker is IPX7-rated—which means it can withstand total immersion in water up to 1 m deep for up to 30 minutes. You can party in the shower, by the pool or even in the pool! The wireless range is 20 m.

Party on with 12 hrs of play time
Sound stays clear even when you play the music loud and a passive radiator boosts the bass. You get 12 hours of play time and a full charge takes 6 hours. Want to make the party even bigger? Pair with an identical speaker for stereo sound.

Blaze to the beat. LED lights
When the party's pumping, so is the light show. LED lights at each end of the speaker flash to the tunes.

Audio-in for easy connection
Want to connect to an external audio source like a turntable or MP3 player? The audio-in socket at the back of the speaker lets you connect to almost any electronic device.

Easy to pair
Connecting to your Bluetooth device is simple. One short press on the Bluetooth button and the speaker is ready to pair.
