Item no. 133-69 · 5705730133695

Sandberg USB 2.0 Hard Disk Box SATA 2.5

With the Sandberg USB 2.0 Hard Box 2.5" you can recycle an old SATA hard disk from a laptop as a handy external portable storage device. The hard disk is easy to fit into the box, which can be protected in the enclosed storage pouch when you are on the move. The box receives power from a USB port so there's no need to look for a power socket. The backup button on the box and the enclosed backup software allow you to easily use the box to make backups. The box can of course also be used with new hard disks.
