WIRELESS CHARGING MOUSE AND MOUSE PAD CRUISEKIT

WIRELESS CHARGING MOUSE AND MOUSE PAD SET

Ngs CruiseKit is a wireless mouse and mouse pad combo with built-in battery.

You can load your phone while working without using an extra cable. Simply place your smartphone on the right side of the mousepad and your device wills start charging automatically.

In addition, its rigid surface optimized for all types of mice guarantees low friction. All mouse movements translate into precise cursor movement.

Connect 1m Type-C cable (included in the package) and you can start playing or working on the large surface area (324mm x 244mm) equipped with a non-slip base that ensures a better grip and stability.

The wireless mouse pad charger supports 5W, 7. 5W and 10W for quick charging of all types of smartphones with built-in Qi wireless charging.

• Input: DC5V 2A, 9V 1.67A
• Output: 5V 1A, 9V 1.1A, 10W(Max), support 7.5W.

The 10W charging mode is surprisingly fast.

The electronics adjust the charging power precisely to the power required by the smartphone. This prevents overloads, short circuits and overvoltage. The charging process is immediately interrupted if metallic objects are detected in the loading area.

The mouse pad is equipped with green LEds indicators that flash when the smatphone is charging.

The wireless and rechargeable mouse is equipped with a 300 mAH built-in battery. It offers up to 30 days of use on a single charge.

Thanks to its optical sensor and built-in DPI switch button, you can switch DPI between 800/1200/1600 and choose the mouse speed.

The mouse features an ON/OFF button, scroll wheel, 5 buttons to make everything you do on your laptop easier, as well as low battery indicator to charge it on time.

This mouse comes with a Nano receiver which can be placed under the mouse, or it can remain connected to the laptop or PC without risk of fall or loss.
It features a “Plug and Play" installation, you just have to plug it in and start working.

You will be able to work during long periods due to its perfectly shaped design conceived to give your hand optimum support.

The mouse has been conveniently designed for right-handed users, the size is perfect for
desktops.
