Smarter technology for all

Lenovo

Thin and portable yet rugged enough to withstand rough everyday use, this 11.6” PC is a great choice for basic users who want to need a reliable and very portable device at an affordable price. With 64GB of onboard storage, users can store files locally or in the Cloud. It is powered by the new AMD 3000 series mobile processors that deliver fast and reliable performance.

REASONS TO BUY

To ensure interruption-free work, these PCs come with a battery designed to power through a full business day on a single charge. There’s also support for Rapid Charge, allowing users to charge the battery quickly when needed and get on with work.

Just like any notebook, it has ports to connect essential peripherals, through USB-C, USB 3.0, Bluetooth, optional HDMI and even a Micro SD card reader.

Built from durable polycarbonate ABS plastic, known for its impact resistance and ability to withstand wear and tear. This device has passed 16 MIL-STD 810G tests.
