# NGS WEBCAM XPRESSCAM720

**720P (1280 X 720) USB WEBCAM BUILT-IN MICROPHONE**

**A high definition webcam (1280x720) with USB connection that allows you to enjoy the best image quality, to ensure that you don't miss a single detail.**

This revolutionary webcam features an **integrated microphone** so that you can have interference-free conversations.

With its **outstanding compatibility**, it is ideal to use with all **video call and chat applications such as Skype, Zoom, Facetime, Facebook, Teams, and more**.

The NGS Xpresscam720 camera **supports multiple operating systems**, including Windows, Mac OS, and Smart TV

Featuring a **true 1Mpx resolution** that is so clear, it looks like you're in the same room. Its focus distance is from 60cm to infinity, a **wide 60-degree field of view**.

Its light and **compact size (8*4*9cm)** allows you to carry it comfortably when you're on the move, along with your other accessories.

It has a **practical adjustable base** that securely attaches to any monitor and even allows you to rest it on a flat surface like your desk.

It is equipped with a **USB 2.0 connection** and is extremely easy to use thanks to its "Plug & Play" installation that eliminates the need for software.

**Package Contents**
