

Philips Daily Collection Food processor

HR7625/70

- 500 W
- Compact 2 in 1 setup
- 2 L bowl

Save space and effort

Ultra-compact design with blender

- All accessories fit in the bowl for compact storage
- 2 speeds and pulse
- 500 Watt motor to handle large quantities and heavy kneading
- Including blender
- Easily performs 25+ functions
- Vertical design takes up to 35% less kitchen space

Highlights

MicroStore

Microstore allows you to store all your accessories inside the bowl for easy and compact storage.

2 speeds and pulse

The Philips food processor has two speed settings to match hard or soft ingredients. Plus, a pulse function for chopping garlic or crushing ice, for example.

500 W motor + 2 speeds + pulse

500 W

With the 500 W motor plus 2 speed settings and pulse button you can pick the right speed for optimal results

Including blender

The Food Processor comes with 7 accessories to perform 28 functions. They are: a stainless steel blade for chopping, beating, creaming, crumbling, cutting, folding in, mashing, mincing and mixing; a kneading tool for (heavy) kneading; a slicing insert for medium slicing of vegetables and fruit; a shredding insert for medium shredding of vegetables, fruit and cheese; an emulsifying disc for whipping, whisking and emulsifying; a granulating insert

25+ functions

The Food Processor comes with 7 accessories to perform 25+ functions. The dishwasher-safe accessories are: a kneading tool for mixing batter and for heavy kneading; a stainless steel chopping knife for preparing meat and vegetables; metal disc inserts for handling medium shredding and granulating; a break-resistant blender of 1.5 l for blending, crushing and stirring different ingredients; and an emulsifying disc for preparing food like whipped cream and mayonnaise.

Vertical design

The special vertical design has a 35% smaller footprint versus side-by-side food processors. This saves valuable worktop space and means that even the smallest kitchens can now have a food processor.
