Highlights

IPX5 water/sweat resistant
With an IPX5 rating, these true wireless headphones are resistant to sustained wetting from any direction. They won't mind a little sweat, and you don't need to worry about getting caught out in the rain.

Portable charging case
Take your music anywhere. You get great sound from the 6 mm drivers, and 6 hours play time from a single charge. A fully charged case adds another 18 hours. For a quick boost, pop your headphones in the case for 15 minutes and get an extra hour.

Secure, comfortable in-ear fit
You get real comfort thanks to soft, interchangeable silicone ear-tip covers. The ear-tip covers securely insert into your ear canal, creating a perfect seal that diminishes external noise. The wing tips keep each earbud secure.

Mono mode
Taking a lot of calls? You can double your talk time by using one earbud while the other one charges. The mic is automatically assigned to the earbud you're using, and you can simply swap over when your current earbud is running low on battery.

Easy control and pairing
Tap the earbud to pause your playlist, take calls, control volume, and wake your phone's voice assistant. The headphones are ready to pair in an instant. Once paired, they reconnect with your phone as soon as you open the charging case.

Philips Headphones app
Enhance the bass. Tone down the treble. The Philips Headphones app puts you in charge of the music you're listening to. Adjust levels yourself or choose from preset sound styles.
