Highlights

Motion sensor included

A motion sensor is included to welcome you when you return home or let you know when someone has arived. When the sensor detects movement, the lamp switches on automatically.

Manual override
Multiple mounting possibilities
Easy-to-set-up sensor

A simple set-up procedure makes it easy to select when and for how long the automatic sensor switches on the lamp(s).

High max load (1,000 W for incandescent, 200 W for LED)
IP44 - weatherproof

This Philips PIR sensor is especially designed for humid outdoor environments. It was tested rigorously to ensure its water resistance. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water. This Philips PIR sensor is designed with IP44: it is protected against splashing water, ideal for general outdoor use.

High-quality synthetics

This Philips PIR sensor is made specifically for outdoor spaces. It's hard-wearing and built to last. It's constructed from high-quality synthetics.
