19" XL Rack cabinet Heavy Duty 42U x D800 mm

Item no.: LVR248055

PRODUCT OVERVIEW

Floor-standing 800mm wide rack cabinet designed for the installation of both cabling and equipment. Suitable for multiple applications including data centers, server rooms, local area networking (LAN) cabling and hardware.

The side panels are removable and the cabinet is prepared for installation of fan tray, shelves and power giving you the option to create the cabinet that best suits your needs.

Access Panels at the top and bottom of the cabinet for easy cable access and added versatility. The rear cable access panels is lined with EDM rubber for extra protection.

Adjustable cage nut rails, levelers and castors are included. Please note that the castors are only for positioning the empty rack, they are not meant to support the rack when it's loaded with equipment.
