EW2400

Cordless car vacuum cleaner with ozone purifier

• 2 in 1 Powerful cordless vacuum cleaner with ozone purifier and disinfection
• Washable HEPA filter
• Built-in Ozone Generator
• Comes with additional suction nozzles
• Fully charged within ≈2.5 hours

DESCRIPTION

The Ewent EW2400 Cordless 2-in-1 Purifying Vacuum Cleaner is a powerful 5300 Pa vacuum cleaner with Ozone air purifier and disinfection. It has a washable and totally reusable HEPA filter. After the vacuum cleaner is disabled, the dirt that has been sucked in, will stay inside the reservoir.
The Ewent cordless handheld vacuum cleaner comes with 3 suction nozzles. It includes a normal suction nozzle with reservoir, a nozzle for the corners and nozzle with a brush.
The EW2400 portable vacuum cleaner has an ozone generator that allows disinfection and sterilization of the environment. It destroys germs and purifies the environment.
The vacuum cleaner is useful for environments where there are people with allergies (dust and pollen), since the effect of ozone reduces the concentration of these particles.
The EW2400 cordless handheld vacuum cleaner has a 2500 mAh battery. The usage time can reach 20 minutes at full performance. Its fast charging technology takes only 2.5 hours until it's fully charged. Charge the vacuum cleaner via USB by connecting it to a USB wall charger or a USB car charger of at least 2.1 A.

TECHNICAL

• Technical details:
• Brand: EWENT Model: EW2400
• Material: ABS
• Charging time: ≈2.5h
• Battery capacity: 2500mAh / 7.4V
• Input: 5V 1.5A
• Working time: 18-20 minutes
• Dimensions: 290 x 73 x 73 mm
• Weight: 548 grams
• Dust container: 120ml
• Power: 80W
• Noise: ≤80dB
• Filtration efficiency: 0.3um: ≥95%
• Accessories: charging cable, nozzle with reservoir, corner nozzle, brush nozzle
