Highlights

Advanced LED Light Source

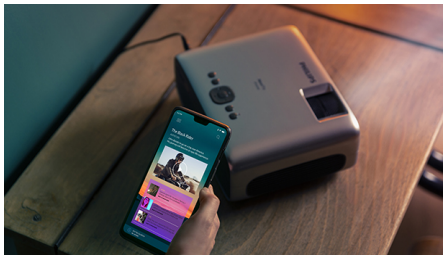

The powerful LED light source displays rich, vivid colours and will last up to 30,000 hours. You won't need to replace it as it lasts 20 years with an average usage of 4 hours per day! Additionally, the power consumption is far lower than a regular lamp-based projector, which means you benefit from a bigger screen and fully immersive experience, all through an eco-friendly device!

Customise your projection

Place the product wherever you want! The keystone correction combined with the focus technology allow you to fine-tune images to your needs and place your projector at any distance.

TV shows streaming

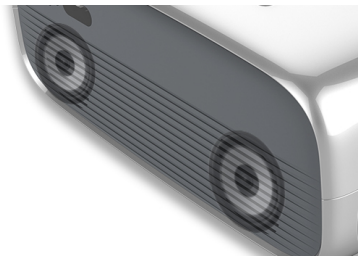

Stream any TV shows or films via Wi-Fi from your smart devices.

Wi-Fi screen mirroring

Connect your mobile devices such as a tablets, smartphones or even computers wirelessly to mirror and share all your contents. Videos on your phones? No worries, just cast it through Wi-Fi! (iOS, Android, Mac and PC)

Built-in stereo speakers

No need for extra sound systems; the built-in stereo speakers produce deep, room-filling sound perfect for films at home.

External Bluetooth speakers

Connect your projector wirelessly to external boomboxes or soundbars to bring life to your movies and gaming sessions.

Built-in Media Player

Pop your essentials in your hand with the integrated Media Player: Browse, watch all of your videos, listen to your music or share your latest holiday pictures.

Fully Connected

Connect any multimedia devices such as set top boxes, PC, MAC, gaming consoles and streaming devices like Fire Stick or Apple TV with the USB, HDMI or MicroSD ports.

Make it smart!

Access to unlimited content by connecting to any smart gaming consoles or TV boxes like Fire Stick or Apple TV.
