Comfortable LED light that's easy on your eyes

With its robust design and optimal performance, the Philips LED Performance desk light is the perfect luminaire that brings quality and brightness to any home space. Comfortable light that’s easy on your eyes.

Light effect
- SceneSwitch colour change

Premium quality
- EyeComfort – light that's easy on the eyes

Control
- Step dimming

Highlights

SceneSwitch colour change
SceneSwitch Colour Change lets you set the overall mood of a living space at home. Stay focused with cool daylight, be more productive with cool white light or wind down and relax with warm white light. In essence, consumers can control the lights in their home according to their daily activities.

EyeComfort
Poor quality light can cause eye strain. With many of us spending time indoors, it's more important than ever to properly light your home. Our products meet stringent test criteria including flicker, strobe, glare, colour rendition and dimming effects to ensure they
meet EyeComfort requirements. Philips LED bulbs not only deliver comfortable light, but also stay that way for the duration of their lifespan, delivering consistent light quality, output and colour for more than a decade. Switch to light that's easy on your eyes. Your eyes will thank you.

Step dimming
Select from different dimming levels to create the right mood for the moment.

Specifications
