Highlights

Control with app or voice*

Philips Hue works with Alice, Siri and the Google Assistant. Simple voice commands let you dim, brighten, or change the color of your lights, whether you want to control a single lamp or all lights in your home. Voice control requires a Philips Hue Bridge and a compatible partner device.

A stylish plug-and-play lamp

The Philips Hue Iris lamp offers a unique style that complements any home decor. Place the accent lamp anywhere in your home, washing the living room walls with colorful light or setting it on a bedside table for a gentle nightlight.

Beauty meets smarts

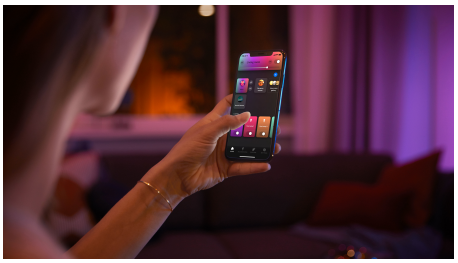

The Philips Hue Iris limited edition lamp in silver elevates an already iconic design. Thoughtful elements — the fabric-wrapped cord, metallic inner tube, transparent bowl, and mix of materials — work together to bring you a smart lamp that offers a unique light effect.

Smart lights to help you wake up and go to sleep more naturally

Pair your Philips Hue Iris limited edition lamp with the Hue Bridge to unlock Wake up and Go to sleep routines, which help you fall asleep and wake up more naturally. The lamp's deep dimming capabilities paired with its diffused backlight allow you to wake up to your own personal sunrise in the morning as your lights gently brighten, or gradually dim warm white lights to help you drift off to sleep easier.

Control up to 10 lights with the Bluetooth app

Philips Hue with Bluetooth is the easiest way to get started with smart lighting. Set the mood instantly with Bluetooth-enabled light fixtures and the Hue Bluetooth app, which allows you to control up to 10 lights in a room.

Create a personalized experience with colorful smart light

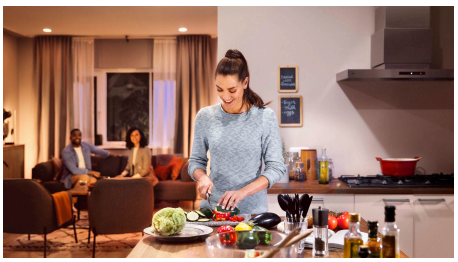

Instantly set the mood for any occasion with 16 million colors of light. Transform any room for an immersive entertainment experience, create the perfect atmosphere for a get-together with friends, or complement your home decor.

Set the right mood with warm to cool white light

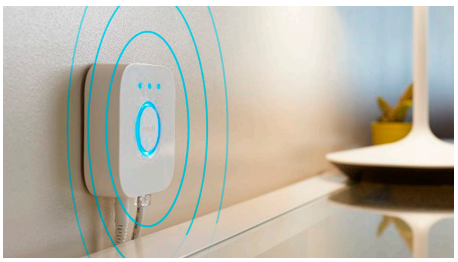

These bulbs and light fixtures offer different shades of warm to cool white light. With complete dimmability from bright to low nightlights, you can tune your lights to the perfect shade and brightness of light for your daily needs.

Get the perfect light recipes for your daily activities

Use the preset Philips Hue light recipes to fit your mood or activities throughout the day. Amp up the energy with the cool white light of the Energize light recipe in the morning or unwind with the subtle, soft light of Relax.

Unlock full suite of smart light features with Hue Bridge

Add a Hue Bridge (sold separately) to your Bluetooth-controlled setup to make your smart lighting system even smarter.With the Hue Bridge, you can add up to 50 lights — including your existing Bluetooth-enabled lights — and smart accessories throughout your entire home, as well as unlock upgraded features such as away-from-home control.
