One fixture. Two light zones. Three settings.

This slim, sleek black ceiling light is designed to compliment your style. The sharp clean round lines of the main light are accented with a subtle linear edge light. Both lights work together to create three unique 2,700 k cool white light settings for a beautiful even light effect. The lamp is available in three sizes, and therefore fits perfectly in any room of your house. It is completed with a handy memory feature that can recall your latest setting. The Ozziet ceiling light looks as good off as it does on.

Highlights

Perfect to relax and socialise
The living room is the heart of any home: a place where families gather to relax and guests socialise. Lighting for your living room and bedroom has to be flexible and easy to adjust to its different uses throughout the day. Careful placement of different light sources and playing with light layering helps create the feeling of space and gives the room a warm and welcoming feel.

Super slim design
Slim design is ideal for low-ceiling rooms, sitting flush against the surface.

Memorise your favourite mode for easy selection
Whether you prefer a warm glow for cosy evenings or a bright white light for focus, the system memorises your favourites for easy selection.

Easy installation
No more hassle with installation. Just fix or hang securely on the wall or ceiling, and plug it in. Your new light fitting is now ready to light up your room!

Dual zone light
Changing the ambiance in your room has never been easier. Philips' SceneSwitch Dual zone LED ceiling light lets you set the mood with three unique settings. The combination of main and linear edge light give you options that are perfect for your get together, concentrating and cosy moments. No dimmer or installation required – all you need is your existing switch.
